

BEVERLY KOSOR,  
*Owner,*  
MAIDS TO ORDER

"Once every week, Clelian Center launders at least 100 pounds of our dirty rags. These are usually loaded with extremely tough grease and grime. But they're always returned to us clean...and right on time. Plus, Clelian Center provides a reliable pickup and delivery service, too."

WALTER HENRY,  
*Director-Marketing and Development,*  
THE PT GROUP (WORK RECOVERY CENTERS, PHYSICAL  
THERAPY FOR WOMEN, BALANCE THERAPY CENTERS)

"Clelian Center is invaluable to our ongoing efforts to reduce the high cost of managed health care. We send out a quarterly newsletter to former patients, physicians, employers, and others. To address and distribute this piece was an expensive, resource-draining exercise. Now, Clelian Center affixes the receiver labels, then handles all bulk mailings for us. What a time-and-money saver!"

## PEOPLE ARE TALKING ABOUT US!

JOHN DUTKOVICH, *Manager-Publications Projects*,  
REBECCA DIAMOND, *Coordinator-Publications Projects*,  
ANGIE MERENDINO, *Supervisor-Graphics Projects*,  
KENNAMETAL INC.

"Kennametal printed materials must be totally accurate. On rare occasions, a serious technical error may be missed prior to publication. Destruction of imperfect literature is really not an option. Clelian Center helps when we're faced with such a dilemma...affixing correction labels - accurately, quickly, and economically - within some of our major catalogs. Bottom line: We can always count on a quality job."

TOM SOCHACKI,  
*President*,  
CENTRAL WESTMORELAND  
CHAMBER OF COMMERCE

"Our chamber produces a monthly newsletter and a Calendar of Events flyer. Within this latter piece, we insert a 'stuffer' - a very time-consuming, tedious process. Clelian Center now provides this service...and bulk-mails all our publications. Everything always done well...everything always done on time. Best of all, I can assign my staff to more urgent matters."

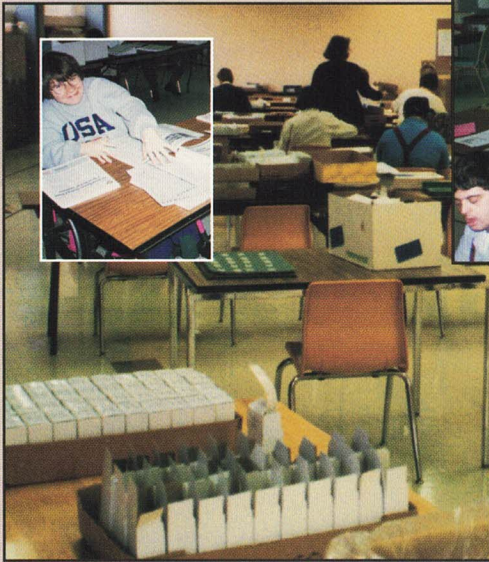

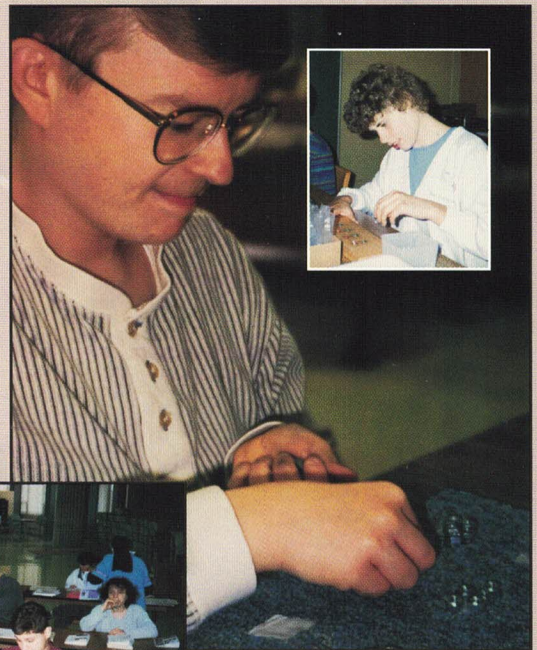

BEN POLICASTRO JR.,  
*President*,  
AGE CRAFT MANUFACTURING

"Clelian Center packages all the small parts that accompany every purchase of an Age Craft railing system. These pieces, depending on the order, often vary in size, shape, and color. But, you know what? In eight years, we've never had a customer claim to have a missing or incorrect screw or fitting within an order."
