

BEHIND THE SCENES AT CLELIAN

As the new school year begins many student annual IEP-- Individual Education Plan-- meetings are being held to review assessments and to update each student's individual educational services. Parents join the school administrator, school district representative, teachers, and therapists to discuss student progress and formulate academic, functional, and vocational plans moving forward.

NEW FACES

Here are a few of our eight new students learning their way around and getting to know and enjoy their teachers and the staff that will accompany them in their learning experiences this year.

RETURNING FACES

Four of our students from the class of 2022 have decided to take advantage of PA Act 55 which allows them an extra year of special education to catch up on what they missed as a result of Covid-19. WE look forward to seeing them back on campus.

TRANSITIONING TO WORK

WITH THE CLELIAN CAFE

The Clelian Café is once again open for business! The Cafe serves staff and students and is run by our vocational Transition-to-Work classes. Available every day are hot and cold drinks, snacks, and lunch items. One feature that both staff and students enjoy is the social interaction as students deliver the staff's orders right to their classrooms. And something to look forward to in the near future--Café expansion in the New Year!
