## Summer Fun At Clelian Heights

### Clelian Heights School *Extended School Year*

Our four-week, full-day Extended School Year (ESY) program offers students a structured, supportive environment where learning continues beyond the traditional school year. The program blends ongoing instruction aligned with each student's academic goals and objectives with enriching social, recreational, and community-based experiences. By combining classroom learning with real-world opportunities, students are able to build confidence, strengthen skills, and apply what they learn across a variety of settings.

## Summer Education

Clelian Heights' Extended School Year (ESY) program provides students with a supportive, engaging environment where learning continues throughout the summer. ESY focuses on the continuation of IEP goals and objectives while helping students maintain the academic,

communication, social, and daily living skills they have worked so hard to achieve during the school year.

While the program remains structured, lessons are designed with a summer approach that makes learning meaningful, engaging, and fun. Community experiences, recreational activities, and hands-on learning provide opportunities for students to practice and generalize skills in real-world settings.

## Field Trips

Summer fun has been in full swing at Clelian Heights! Our ESY students have already enjoyed a trip to see Toy Story 5 at Latrobe 30 Theatre and a fantastic day of hands-on activities with Fayette County 4-H at the Fayette County Fairgrounds. The fun isn't over yet—we're still looking forward to a bowling outing and ending the summer with a "Staycation" Field Trip right here at Clelian Heights. Every Thursday brings new adventures, smiles, and make lasting summer memories!

## Swimming, Gym & Therapies - Summer in Motion

From making a splash in our indoor and outdoor pools to enjoying games and activities in the gym, every day offers something new. Students also continue to strengthen communication, motor, and daily living skills through speech, occupational, and physical therapies.

## Transition to Work

Our Transition students have been busy! Community job experiences provide valuable real-world training, while on-campus opportunities like the Clelian Café help students strengthen workplace skills. The Clelian garden is also growing beautifully, thanks to the students who care for it each week.

## Patriotic Art Project

Art classes are filled with an abundance of creativity during ESY!

## Wednesday Morning Prayer Service in the Courtyard

Song and praise fill the Clelian Heights Courtyard as students enjoy Wednesday morning prayer services.

The Clelian Cafe is a student run cafe through our Transition to Work School Program, providing snack and drink options daily. Slushies are a new product, providing a tasty refreshing relief for the hot summer.

# CLELIAN HEIGHTS PLAYGROUND CAPITAL CAMPAIGN FUND

SCAN TO DONATE

Every gift helps create a safe, inclusive playground and recreation area where **Clelian Heights students and Clelian Center clients** *can play, connect, and thrive.*

*Thank You!*
